# ABOUT THIS REPORT

This report from the Trustees of the MISS Scheme (**Scheme**) covers the affairs of the Scheme for the year ended 31 March 2018.

Your benefits in the Scheme and a summary of the transactions through your accounts during the past year are shown in your Annual Confirmation (formerly known as your Personal Benefit Statement) which accompanies this report.

The Scheme's investments returned 5.5% (net of tax and expenses) for the year. In addition, the Trustees have agreed to use part of the Reserve Account to support a higher interest rate. The result is that your accounts have been updated with interest at 5.6% this year.

# MESSAGE FROM THE CHAIRMAN

# As Chairman of Trustees it is my pleasure to deliver the MISS Scheme Annual Report for the year ended 31 March 2018.

The MISS Scheme is now in its 27th year and over the past 5 years has on average helped more than 2,747 employees in the meat industry save for their future. During this year we have welcomed 138 new members to the Scheme. The Trustees have noted that while membership has fallen from 2,878 to 2,240 in the last five years, the assets in the MISS Scheme have only decreased slightly from \$115.0M to \$114.2M.

It has now been over a year since the Scheme transitioned to operating under the Financial Markets Conduct Act (FMC Act). As part of the transition process the Trustees reviewed the governance and management of the Scheme and have made a number of changes including the introduction of a dedicated MISS Scheme's website, a new risk register and the finalisation of a Governance Processes and Policies document.

It is pleasing to see members of the Scheme using the website, if you haven't already done so I encourage you to access the Scheme's website at **www.miss.org.nz**. You'll find useful information such as profiles of the Trustees, copies of Scheme documents including the product disclosure statement, a section on the Scheme's investments and answers to some frequently asked questions about the Scheme.

One of the requirements of the FMC Act regime is that the Scheme is required to issue a Fund Update. A Fund Update is prepared for an investment fund and it includes information on membership, performance, fees and key people managing the fund. Fund Updates are now available for the years ended 31 March 2017 and 31 March 2018.

All Scheme documents are also available on the Companies Office website **www.companiesoffice.govt.nz/disclose** (search "MISS Scheme").

As part of the Scheme's governance responsibilities, the Trustees carry out strategic reviews to consider the future of the Scheme, industry trends and to ensure that the Scheme continues to meet the needs of members. Previous strategic reviews were carried out in 2011 and 2015 and the Trustees have agreed to continue these reviews on a five-year basis with the next review scheduled for 2020, unless changes occur and an earlier review is required.

The Trustees, taking advice from the Scheme's Investment Consultant, regularly monitor the performance of managers in their respective asset classes. While there were no changes to the Scheme's investment managers during the year ended 31 March 2018, the Trustees have decided to move the Trans-Tasman Equities portfolio from ANZ New Zealand Investments Limited to Nikko Asset Management New Zealand Limited.

During the year the Trustees introduced an annual investment manager review where all investment managers were invited to present and provide information on overall experience, governance and broadening of information requirements. The investment manager review will become part of the formal review of all service providers.

The Trustees have decided that there would be a distribution from the Reserve Account this year.

This Scheme's investments returned 5.5% net of tax and expenses, including the distribution from the Reserve account a rate of 5.6% has been applied to your accounts.

With the transition to the FMC Act regime now complete, the role and responsibilities of the Trustees have become greater and I would like to thank my fellow Trustees for their dedication and ongoing commitment to the Scheme and its members. I would also like to take this opportunity on behalf of the Trustees to acknowledge the support and advice from all our service providers.

In 2017, we welcomed Tony Matterson, a Union appointed Trustee, replacing Gary Davis and in 2018, Steven Gray was appointed a Trustee by the Meat Industry Association, replacing Nigel Stevens. On behalf of the Trustees I would like to thank Gary and Nigel for their contribution to the Scheme and wish both well for the future.

I must also, on behalf of all members, thank the Scheme's sponsors, the Meat Industry Association and the New Zealand Meat Workers and Related Trades Union, for their continued support.

The dedication of the team around me is impressive. It is a pleasure to serve as Chairman and my fellow Trustees and I are committed to maintaining and enhancing the value of the benefits to all members now and into the future. I am particularly pleased with the dedication all showed throughout the significant transitional process to the new regulatory regime.

As the New Zealand population continues to age, it has never been more important to save for your future rather than rely on the NZ Super which may or may not be there when it comes time to retire. I am proud to see members benefit from this Scheme.

I wish you all the very best for the year ahead and I am confident the Scheme will continue to benefit you for many years to come.

The state of the s

Brian Mason

Chairman of Trustees MISS Scheme

# INVESTMENT MATTERS

#### **INVESTMENT RETURN**

Each year, once the Scheme's financial statements have been audited and the tax calculations completed, the Trustees declare a rate of return to be applied to your accounts in the Scheme. The same rate applies to all members and to all their accounts.

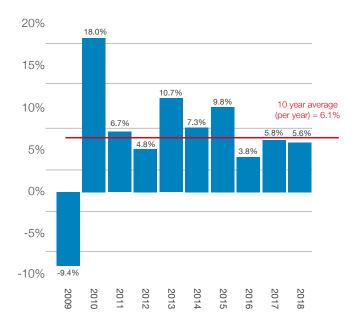

The rate of return depends on:

- the investment return on the Scheme's assets, less taxes and certain expenses this year 5.5%; and
- the amount, if any, allocated from the Reserve Account.

The Reserve Account builds up each year when members leave the Scheme and are not entitled to the full balances in their Employer Subsidy Accounts.

This year, the Trustees have allocated \$145,000 from the Reserve Account to support a higher rate of return.

The following chart shows the investment returns credited to members' account balances for the past decade. Although the Scheme has had its annual ups and downs, reflecting the conditions of the markets in which assets are invested, it has paid members an average return of 6.1% p.a. (after tax and expenses) over the last 10 years.

If you leave the Scheme during the year, an interim interest rate will be applied to your accounts.

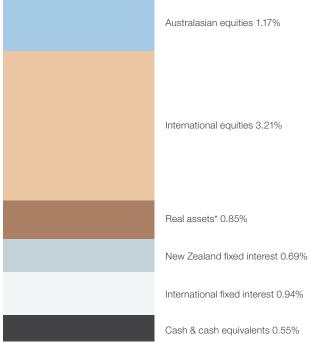

#### THE SCHEME'S INVESTMENT MANAGERS

The scheme's assets are currently invested in a mix of equities, real assets (property, commodities and infrastructure), fixed interest, and cash and cash equivalents. The Trustees have adopted a sector specialisation approach, which involves identifying and selecting separate managers for each asset class. These managers are chosen because of their expertise in that asset class and are therefore expected to add value in each individual asset sector. There were no changes to the Scheme's investment managers during the year to 31 March 2018:

- AMP Capital is responsible for approximately 30% of the international fixed interest sector;
- ANZ Investments is responsible for the cash and cash equivalents, Australasian equities, international equities and New Zealand fixed interest sectors;
- Fisher Funds is responsible for approximately 70% of the international fixed interest sector:
- Mercer is responsible for the real assets sector (property, commodities and infrastructure); and
- The Trustees have since 31 March 2018 decided to move the Trans-Tasman Equities portfolio from ANZ New Zealand Investments Limited to Nikko Asset Management New Zealand Limited.

The Scheme's assets earned 7.4% before tax for the year ended 31 March 2018. The contribution towards this return from each asset sector is shown in the graph below. The percentages are before the deduction of tax, investment management fees and expenses.

#### Contribution to gross return by asset sector

\*Includes listed and unlisted property, commodities and infastructure.

#### INVESTMENT OBJECTIVES

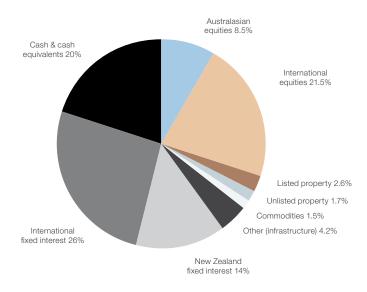

The Scheme's long-term investment objectives are:

- over the long term (rolling 10-year periods), to achieve a return after tax and investment fees, that exceeds inflation by 2.5% p.a.
- over a rolling three-year period, to achieve a Scheme return (gross of tax and investment fees) that exceeds the Composite Benchmark Return by 1.25% p.a.
- over a rolling three-year period, to achieve a return (gross of tax and investment fees) in each asset class that exceeds the relevant benchmark index return.

# **INVESTMENT STRATEGY**

The Trustees set an investment strategy and determine a long-term asset mix to enable them to achieve their objectives. This asset mix is known as a 'benchmark' and allows the assets to be spread across various asset classes.

#### Benchmark asset mix as at 31 March 2018

#### **INVESTMENTS AS AT MARCH 2018**

Asset class	Investment manager	Financial assets at 31 March 2018	Actual allocation at 31 March 2018 (%)	Range (%)
Australasian equities	ANZ Investments	\$9.6M	8.4	4.5-12.5
International equities	ANZ Investments	\$23.9M	21.0	16.5-26.5
Listed property	Mercer	\$11.6M	10.2	5-15
Unlisted property				
Commodities				
Other (infastructure)				
Total growth assets		\$45.1 <b>M</b>	39.6	35-45
NZ fixed interest	ANZ Investments	\$16.2M	14.3	9-19
International fixed interest	Fisher Funds	\$29.5M	25.9	21-31

Total income assets		\$68.7M	60.4	55-65
Total investments		\$113.8M	100.0	

The investment managers' performance is monitored by the Trustees taking into consideration advice from the investment consultant. The Trustees are closely monitoring the performance of ANZ Investment's management of the Scheme's Australasian equities portfolio, which continues to be of concern.

# MATTERS OF INTEREST

# FINANCIAL MARKETS CONDUCT ACT

The FMC Act regime changed the time frames within which the Scheme's annual review information must be issued. The revised time frames are shown in the table below.

Annual Confirmation (formerly Personal Benefit Statement)	Sent to members by <b>30 June</b>
Fund update	Uploaded to Disclose website by 30 June
Financial statements and auditor's report	Prepared and uploaded to Disclose website by <b>31 July</b>
Annual report	Completed by <b>31 July</b> and uploaded to the Disclose website and issued to members within <b>28 days</b>

# SCHEME INTEREST RATES

If you leave the Scheme during the year, an interim interest rate is applied to your accounts.

The interim interest rates shown on page 7 are monthly rates after tax and expenses and are shown on a cumulative basis. Put simply, this means that if the monthly rates for April and May were 1% and 2% respectively, a member leaving the Scheme at the end of May would receive a return of roughly 3%. Similarly, if instead the rates were -1% and 2%, a member leaving the Scheme at the end of May would receive a return of about 1%.

When you compare the Scheme's interest rates with bank rates, you should remember that the bank rate quoted is before tax. If you invest in a bank deposit paying say 3.4% for a one-year term, you would need to deduct tax at 28%, which would reduce the annual return to 2.5%.

#### NEW 7FALAND SUPERANNUATION

As from 1 April 2018, the Government increased the level of payments to be made to recipients of New Zealand Superannuation. The annual payments are:

	Before tax	Taxed at 'M' (if you have no other income)
Married Couple	\$36,479	\$32,069
Single Person (sharing)	\$22,129	\$19,242
Single Person (living alone)	\$24,078	\$20,845

New Zealanders who satisfy the residency requirements qualify for this benefit from age 65. However, qualifying recipients must apply for this benefit. It is not paid out automatically on turning 65. The levels are reviewed each year, and are adjusted to take account of increases in the cost of living (inflation) and wages.

The present Government's policy is to retain the existing entitlements for the foreseeable future. However, New Zealand Superannuation is not intended to provide any more than a safety-net level of income in retirement. The Trustees encourage you to take advantage of the Scheme to increase your level of savings and hence your ultimate benefit in retirement.

# **KIWISAVER**

KiwiSaver is a voluntary savings scheme introduced by the Government in 2007. By the end of March 2018, 2.85 million people had joined KiwiSaver - more than one million people were automatically enrolled after starting a new job; the rest had joined by opting in either through their employer or a KiwiSaver provider.

For more information, visit www.kiwisaver.govt.nz.

# **QUESTIONS AND ANSWERS**

# YOUR CONTRIBUTIONS

# 1. What happens if I want to stop contributing to the Scheme while I remain in employment?

Under the current rules governing the Scheme, you may apply to the Trustees to suspend or cease your contributions to the Scheme, in which case you will become a "Suspended Member" effective from the date your contributions stop. Death insurance cover will not be available to you unless you have agreed with the Trustees to continue your insurance cover and the Trustees have confirmed it in writing. The Trustees will require you to have sufficient funds in your account balances to pay insurance premiums. Currently, you can arrange for insurance cover to be continued for a maximum period to the end of the season following the season in which you stopped contributing.

If you stop contributing to the Scheme (and have not yet received your benefit entitlement) you can request transfer of 100% of your account balances to your KiwiSaver scheme at any time within 12 months of ceasing contributions. Any insurance cover will cease.

If you have not recommenced your contributions by the end of the season following the season during which you suspended or ceased your contributions, your insurance cover will have stopped by the end of that season and your membership will be deemed to have ceased, although you will not be entitled to withdraw your benefit at that stage. Your resignation benefit will be calculated, based on your membership completed as at the date your contributions stopped, and your benefit will be held in the Scheme until you permanently leave the meat industry or if you request payment of your benefit within three months of reaching age 65. Investment returns will continue to be credited or debited to your benefit.

# 2. What do I need to do if I want to stop contributing to the Scheme while I remain in employment?

If you wish to suspend or cease contributions please contact your pay office to ensure a "Request to Suspend Contributions" form is completed and forwarded to Mercer. You will need to complete the form to request that the Trustees make arrangements to continue your insurance cover.

It is the responsibility of individual members to ensure that the Trustees (through your pay office) are notified of any changes to your contribution or employment status. Failing to notify the Trustees may impact on your insurance cover and benefits received.

# 3. What happens if I stop contributing to the Scheme because I've signed an Individual Employment Agreement (IEA)?

If you stop contributing because you have signed an IEA but with no change of employment status, you will become a "Suspended Member" and you will be treated as if you had elected to stop contributing (please refer to Question 1). The Trustees' current practice is that if you sign an IEA while remaining a process worker, this will not be accepted as having changed your employment status. Please contact your pay office to ensure a "Benefit Calculation Request" form is completed; this is to advise the Trustees you have ceased to be eligible for contributory membership following an IEA with no change in employment status.

If you stop contributing because you have signed an IEA and you have a change of employment status due to promotion to a salaried position, you will become a "Former Member". Your insurance cover will cease. Your benefit will be 100% of your account balances, however your benefit will not be paid until you permanently cease employment in the meat industry, transfer your benefit to KiwiSaver or if you request payment of your benefit within three months of reaching age 65. Please contact your pay office to ensure a "Benefit Calculation Request" form is completed; this is to advise the Trustees you have ceased to be eligible for contributory membership following a change of employment status with a promotion to salaried staff.

# 4. What happens if I am not contributing to the Scheme during a season because work is unavailable?

Please contact your pay office to ensure a "Temporary Absence from Service" form is completed and forwarded to Mercer. You will need to complete the form to request that the Trustees make arrangements to continue your insurance cover. Mercer will then write directly to you to advise and confirm your rights and benefits. In this regard, your insurance cover will continue, if you wish, with no contributions for a maximum period of 24 months.

If contributions do not start after 24 months, please contact Mercer directly to arrange a continuation option in respect of your insurance cover. Under a continuation option, you may be able to arrange and pay for a personal insurance policy without the need to provide evidence of good health. However, you need to contact Mercer before the 24-month mark.

#### YOUR BENEFITS

# 5. What happens when I permanently cease employment in the meat industry?

Once employment ceases eligibility for membership of the Scheme also ceases. On your last day of employment visit your pay office to complete and sign your "Benefit Calculation Request" form. Payroll will send the form to Mercer.

Check the form shows your current address and if applicable, confirm with your pay office that your Scheme benefit should be paid into your personal bank account in your own name (the same bank account that your wages are paid into).

If you wish to defer receipt of your benefit until a later date, please request that your pay office ticks the "Leave benefit in Scheme" box on your exit form. The exit form is still required to be sent to Mercer. Mercer will write to you and advise your benefit amount and how to claim the funds at a future date.

As noted in the answer to Question 18 (Can I transfer my funds to KiwiSaver?), you also have an option to transfer 100% of your account balances to KiwiSaver. If you choose this option, a second page needs to be completed.

#### 6. How long will it take for my benefit to be paid?

Your benefit cannot be paid until your final contributions have been received and processed by payroll. Most payrolls only remit contributions to Mercer monthly and once the contributions have been remitted, Mercer needs time to process the contributions before processing your benefit. This means that depending on when in a month you leave your final benefit will be paid up to four-to-five weeks and in some cases up to six weeks after your last day of employment.

# 7. What investment return do I get if I leave the Scheme during the year?

When a benefit payment is made, "interim interest" is applied to your account balances for the period from the last completed review (31 March) to your date of exit. The rate of interim interest is calculated each month based on the actual returns achieved by the investment managers, less tax and a provision for certain expenses. The expense deduction is currently 0.025% each month. The interest rate can be negative. The monthly return rates for the Scheme year to 31 March 2018 are shown on page 8.

Until the Scheme's actual return is known each month, a provisional rate applies for that month. The Trustees have discretion over the estimated rate that applies for the unknown period. Since October 2008 the Trustees' policy has been to use a 0% rate.

# 8. Can I be paid my benefit while I am still employed in the industry?

The Scheme is designed to assist you to save for your retirement. You can only be paid your benefit when you leave the meat industry for good, or when you reach the age of 65 if you request payment of your benefit.

#### 9. What happens when I reach age 65?

If you reach age 65 and you are still working in the meat industry, you will have the following options:

- (a) You can ask for your retirement benefit to be paid to you from the Scheme or transferred to your KiwiSaver scheme. If you elect this option, you will be paid your benefit in cash (or your benefit will be transferred) and your membership of the Scheme will cease and your insurance cover (if any) will also stop.
- (b) You can continue as a member of the Scheme, in which case vour contributions and vour employer subsidy will continue for as long as you remain in employment, and your insurance cover (if any) will continue until the earlier of you ceasing to be employed in the meat industry or reaching age 69.

You will have three months from when you turn 65 to decide whether you want your retirement benefit to be paid. If you don't make an election within those three months, then your membership will continue until you permanently cease employment with the meat industry. The Scheme Administrator will write to you before your 65th birthday to explain your options. Please advise your pay office of your decision.

# 10. Do I have to take my benefit out of the Scheme when I retire or leave the industry?

No. If you don't want to take an immediate cash payment, you may elect to defer receiving your benefit. In this case, your benefit will be held in the Scheme. An investment return will be credited, or debited, and expenses will be deducted from your Deferred Benefit until you elect to withdraw your benefit. You may draw down from your Deferred Benefit, subject to rules set by the Trustees from time to time. The following rules apply at present:

- withdrawals are limited to four a year;
- withdrawals must be for a minimum of \$1,000 per withdrawal;
- a minimum balance of \$3,000 must remain after a withdrawal (unless you withdraw the total amount).

You will be charged a fee (currently \$20) for each withdrawal, and this will be deducted from your Deferred Benefit. The fee can be reviewed by the Trustees. This facility will provide you with an ongoing tax-paid investment, or an opportune time to defer and withdraw your benefit at a later date if investment returns have been low or negative. If you are considering deferring your benefit, you should seek advice from your regular Financial Adviser.

#### 11. Will my benefit from the Scheme be subject to tax?

No. When your benefit is paid, it is not subject to tax.

#### 12. Who is the death benefit paid to?

If you die while you are a member of the Scheme, your death benefit will be paid to your Dependant(s) or personal representative, at the discretion of the Trustees. A Dependant (as defined in the Scheme's trust deed) is any person who you have nominated in writing to the Trustees (your nominated beneficiary), or any other person whom the Trustees consider was wholly or partly dependent on you.

The Trustees would like to know your wishes in this regard, and ask that you nominate the person(s) that you would like to receive this benefit. It is important for you to make sure your nomination(s) are kept up to date, particularly if your circumstances change. Copies of forms for changing your Beneficiaries can be obtained from your Union Secretary or your pay office, and there is a tear-off slip at the bottom of your Annual Confirmation enclosed with this annual report. The Trustees also recommend that you make a Will and keep it up to date. If you have a Will, the Trustees recommend it includes details of your nominated beneficiaries for your death benefit.

# 13. If I nominate someone as my Beneficiary, can I be sure that the Trustees will pay the death benefit to that person?

Not necessarily. While the Trustees are obliged to consider your nomination, they will also make enquiries to see whether your circumstances have changed since you made your nomination, and determine whether any other person should be included as a Beneficiary or Dependant. The Trustees will also take into account other factors including their legal obligations.

If your Annual Confirmation does not show a Beneficiary, please complete the tear-off slip and return it to Mercer at the address on the form. If you have a Will, the Trustees recommend it includes details of your nominated beneficiaries for your death benefit.

#### YOUR INSURANCE

#### 14. When does my insurance cover start?

If you join the Scheme immediately after first completing two consecutive seasons (and for most employees this will be in your third season), or the season that you are first offered membership - you will be automatically entitled to death insurance cover. If you don't join at one of these times, you are not automatically entitled to insurance cover and you will be required to complete a personal health statement and possible further medical tests to be assessed for insurance cover, prior to insurance commencing. Mercer will advise you in writing if/when your insurance cover starts.

#### 15. When does my insurance cover cease?

Your insurance cover in the Scheme will cease:

- if you are aged 69 or older; or
- if you have been temporarily absent, not employed, and had no contributions to the Scheme for a period of 24 months: or
- if you are 65 or older and your retirement benefits have been paid out of the Scheme in cash; or
- if you elect to stop contributing to the Scheme and become a Suspended Member and do not recommence contributions by the end of the season following the season in which you stopped contributing (assuming you have arranged for insurance cover to continue); or
- if you elect to stop contributing to the Scheme and become a Suspended Member and do not arrange with the Trustees to continue your insurance cover; or
- if you elect to stop contributing to the Scheme and become a Suspended Member and at any point have insufficient balances to pay your insurance premiums; or
- on leaving the meat industry (and being paid, or deferring receipt of, your benefit) or transferring your account balances to your KiwiSaver scheme.

# 16. Can I continue my insurance cover if I leave employment due to poor health?

If you have death cover then, currently yes. Sovereign continues your death cover for 45 days after you leave employment and allows insured members under age 65 to take out a personal policy with Sovereign for death cover of up to \$60,000 without the need to prove good health. This policy needs to be taken out within 60 days of your leaving service. You will pay the premium on this personal policy.

If a member is leaving work due to a terminal illness then Sovereign will consider paying the insurance to the Scheme as an advance on the death claim. This enables the member to get his or her affairs in order and to have some peace of mind in relation to the future for his or her dependants. Mercer should be contacted to arrange for a claim to be lodged before any such member leaves service.

#### **KIWISAVER**

# 17. What do I do if I want to contribute to KiwiSaver instead of the Scheme?

If you remain in employment and want to contribute to KiwiSaver instead of the Scheme you will need to contact your pay office. Your pay office will supply the necessary forms to start your KiwiSaver contributions and a "Request to Suspend Contributions" form for you to suspend your contributions to the MISS Scheme and, if you wish, to request that the Trustees make arrangements to continue your insurance cover for the maximum period.

For details on what happens to your benefits if you stop contributing to the MISS Scheme please refer to Question 1: What happens if I want to stop contributing to the Scheme while I remain in employment?

# 18. Can I transfer my funds to KiwiSaver?

You can request transfer of 100% of your account balances to vour KiwiSaver scheme:

- if you remain in employment in the meat industry but elect to stop contributing to the Scheme, provided you make the request to transfer within 12 months of ceasing contributions;
- if you are a Former Member i.e. you have stopped contributing due to a change in employment status accepted by the Trustees;
- if you are permanently ceasing employment. At the time you leave employment you will be given the option of transferring 100% of your account balances to your KiwiSaver scheme instead of payment (or deferring) of your cash benefit entitlement.

Membership of the Scheme will cease if you transfer your funds to KiwiSaver. Please contact your pay office to arrange transfer of your funds.

#### **GENERAL**

# 19. What happens if I am not working due to injury, ill health or parental leave?

If you are not working due to injury or ill health, or if you are on parental leave, please contact your pay office to ensure a "Temporary Absence from Service" form is completed and forwarded to Mercer. This will enable your insurance cover to continue for at least 24 months, and your period of absence to count as membership for vesting purposes.

Please ensure your pay office is aware of the reason for your absence and that the "Temporary Absence from Service" form is completed and forwarded to Mercer. Mercer will then write directly to you to advise you of your rights and benefits.

# 20. Who do I speak to if I have a question or complaint in respect of the Scheme?

There are a number of people that are able to assist you in relation to the Scheme. These include your Union, any of the Trustees and Mercer. If you have questions that relate to your account balances then these gueries should be directed to the Scheme Administrator at Mercer. The contact details are shown in the directory later in this report.

If you have a complaint/dispute, details of what to do are provided in the 'contact details and complaints' section of this report.

#### 21. What should I do if my address changes?

Your Annual Confirmation has a tear-off slip for you to complete to advise Mercer of your address change. Please post this to Mercer at the address shown on the slip, or give the slip to your pay office to forward on to Mercer.
